 Foreign Gifts, Grants, and Contracts
 Fiscal Year 2009-2010- 7/1/2009-6/30/2010

The University must comply with Federal and State Laws that require the reporting of gifts made by, grants from, and contracts entered into with a foreign source (i.e. foreign governments, persons, and entities). A "foreign source" may be a foreign government, including an agency of a foreign government; a legal entity, governmental or otherwise, created solely under the laws of a foreign state or states; an individual who is not a citizen or a national of the United States or a trust territory or protectorate thereof; an agent, including a subsidiary or affiliate of a foreign legal entity, acting on behalf of a foreign source.

State Law requires these transactions to be reported when gifts, grants, and contracts from that foreign source, individually or aggregated, total more than \$100,000 per year. The similar Federal Law requires reporting of gifts, grants, and contracts totaling \$250,000 or more. The Federal reports will be filed twice a year, for the periods January 1 through June 30 and July 1 through December 31, to be filed within 30 days of the end of each reporting period. The State report will be filed once a year, after the close of each fiscal year.
